OUR GOALS

- Assure a high quality level in the services provided.
- Look for the satisfaction of our clients.
- To contribute to a better professional development of human resources through training.
- To be a training and consultancy reference company at International and European level.

What is essential is invisible to the eyes - INV

OUR EXPECTATIONS FOR THIS PROJECT

- We expect to be more specialized in the field of disable people.
- We expect to offer specific training to the target group of the project in Spain.
- We expect to learn from the other partners's experiences and knowledge.
- We expect to develop quality products useful for our organization and for the target group in our country.
